## Village Administrator

#### WTP.

- No change to the current regulation for water / sewer turn on and off.
- UPDATE: Water Meters

Installation of meters on residential properties is completed for the most recent order. One commercial installation is scheduled for Thursday April 23rd that will finish the installations until the next order of meters is received. A price quote has been received for the 50 additional meters from Kamstrup, the cost per meter will remain the same until May 25, 2020. As of June 2020 anticipate a cost increase to each meter as well as the shipping costs.

### WWTP:

-The clarifier project is in the design phase. Does the Council wish to have a loan to cover the cost of the engineering design or make it part of the 10% cost share assigned to the Village? (Loan will have accrued interest, the cost share will need to be paid out of Village funds. (Funds to be paid will need to be voted on and the monetary line item to be used will need to be stated)

#### OEPA:

- The Village has maintained contact with the EPA, and is practicing staggered visitation to the WTP / WWTP for employees per the guidelines given. N95 masks were provided by the County EMA if needed to continue operations at each facility. The Village has received weekly calls / emails to verify the status of employees and the facilities.

#### Capital Improvements:

- CY2020
- 1) T-6 super installation in May / June 2020 (weather permitting, estimate this as a two to three day job)
- 2) Service truck, Chevy 4x4 3500 series work truck model
- -This is on hold due to the pandemic, no arrival date is provided
- 3) Water line improvement projects have moved to the engineering and design phase. The Village will review the preliminary plans prior to submittal to the OEPA for approval. (The Village will mandate that any residential service lines that are replaced under the OEOP lead line replacement grant be IAW the Village Ordinance)

#### Oil and Shale Program:

-Project ID: 112295 HAS-646-6.37

UPDATE; Preliminary work that is in process, the land survey notices were sent to land owners on April 17th, this is the first step in the process for the right of way and land survey for this project. The environmental survey is pending at this time. Estimate construction in the summer of 2021.

#### Roadways/ Equipment/ Buildings:

- The Village office will remain closed until May 12th, request the recommendation of the Mayor and Council for the May 13th meeting and opening the offices.
- Village roadways have been identified for repair, the emulsions for the durapatcher is available, and the Village has procured 250 gallons. Durpapatching will start as soon as the weather permits.

#### General:

# Insurance Proposal/Invoice/Documents

From: Amy J. Ballachino (amy.ballachino@assuredpartners.com)

To: scio1@frontier.com

Date: Thursday, March 26, 2020, 04:21 PM EDT

Hi Trish,

2019's premium was

Thank you for the updated renewal information. We went through and applied all of your updates. Attached please find the renewal proposal and invoice for the 20/21 policy term.

The Village has completed their 3-year agreement, and is ready for a new one. A hiszisthe same agreement as in the past—I have included a new agreement in the proposal for your review, just need it signed and returned if you would like to participate again.

Please note that we increased the property values by 3%. This is a standard change that we make after a 3-year agreement, to keep up with inflation.

Due to some changes in our reinsurance terms, we did have to apply a rate increase of about 5% at this renewal. This is a result of increases that we are seeing across the insurance industry. Many rates are increasing by 8-10%. We did our best to maintain steady and consistent pricing, keeping it down to 5%.

Terrorism coverage has been included for a charge of \$23. This can be rejected and deducted from the invoice by signing the terrorism rejection form (included in the proposal).

I have attached the Fiscal Officers Certificate, which will need to be signed and returned.

There is a new Point of Sale and/or Rental Inspection Exclusion on the renewal policy. We have found that many municipalities have Point of Sale laws or ordinances in place, which have been found to be unconstitutional. In order to review Scio's policy, please have the attached questionnaire completed and returned. If we find that Scio is in compliance, we will remove the exclusion.

A big, huge, thank you to you Trish for everything that you have done. You have been an absolute pleasure to work with. And now Heidi and I will carry on the insurance torch – looking forward to working with Heidi.

We will begin issuing the renewal policy within the next few weeks. In the meantime, please do not hesitate to give me a call with any questions or concerns. I am working from home, but my direct office line will ring right to me.

Stay well and healthy - stay in touch, Trish!

## Helping Your Employees in Unprecedented Times

At Ohio DC, we realize you and your employees are dealing with a surprising list of unexpected circumstances due to the ongoing stay at home order related to the Coronavirus (COVID-19). This has caused Ohio DC to alter some of our business practices and the way we provide some of our services.

We are still here to help your employees save for retirement and our staff is available to help educate them about what they can do to continue to save and prepare for a more secure retirement. If you direct your employees to the <u>Calculators/Tools</u> tab on our website, they can continue to use resources like the My Health Care Estimator tool to help them plan for retirement.

If you or your employees would like to learn more about what Ohio DC has to offer, you can visit our website at Ohio457.org.

Division of Environmental and Financial Assistance

Helping communities and businesses access compliance, technical and financial assistance for their environmental needs

As a precautionary response to COVID-19, Ohio EPA is currently operating with most staff working remotely. If you are working with our staff on a current project and you know the name of the employee you are working with, email them at or call them directly. The Agency website has contact information for every district, division, and office. In order to reach us, please contact Ohio EPA's main phone line at (614) 644-3020 or the main line for the division or office you are trying to reach.

After March 23, our district offices and Central Office will be temporarily closed and will have increasingly limited ability to receive deliveries, plans, etc. All entities are encouraged to submit plans, permit applications, etc., electronically where there are existing avenues to do so, such as eBiz. Please refer to the list of available services on the main eBiz webpage. We encourage you to make use of all that apply, even if you have not used eBiz in the past. Plans under 25 MB can be emailed. For large plans over 25 MB, entities should work with the reviewer/division to upload via LiquidFiles. Directions for submitting docs via LiquidFiles is available on YouTube. We apologize for the inconvenience and thank you in advance for your understanding.

To report a spill or environmental emergency, contact the spill hotline (800) 282-9378 or (614) 224-0946.

Ohio EPA Advises Against Flushing Wipes. As some Ohioans search for alternatives to toilet paper, Ohio EPA is advising people not to flush any product other than toilet paper to avoid clogging sewers and septic systems. Flushing products other than toilet paper is generally a bad idea. Cleaning wipes, tissues, and paper towels will eventually clog public sewers and home septic systems. Flushing these items can cause sewage backups into homes and expensive repairs.

# April 2020 BWC News from CareWorks Comp

"The real winners in life are the people who look at every situation with an expectation that they can make it work or make it better." ~Barbara Pletcher

CareWorks Comp is acutely aware that the spread of coronavirus (COVID-19) is an escalating global health concern. In light of this, our clients will need our support more than ever in meeting the needs of their employees. We also recognize that a widespread outbreak could place increased demands on our capacity to meet those needs. We are fully committed to maintaining all services critical to the welfare of our clients and their employees. We will achieve this in a manner consistent with maintaining total focus on the health and safety of our own colleagues and their families.

In light of the COVID-19 pandemic and in order to provide the most timely and thorough information to all of our clients, we are including both public and private employer updates in this one newsletter. Please note that some of this information will not apply to you if you are public employer.

# **COVID-19 and Unemployment**

Due to the Covid-19 crisis many employers are facing difficult decisions regarding whether to retain their employees or lay them off. The Small Business Administration (SBA) is offering assistance through the Paycheck Protection Program (PPP) that was designed to keep your workforce employed during the Covid-19 crisis. This program is for small businesses with fewer than 500 employees, including sole proprietorships, independent contractors and self-employed persons. The loan may be forgiven if the funds are used for payroll costs and other criteria as defined by the SBA. You can obtain more information at <a href="https://www.sba.gov/page/coronavirus-covid-19-small-business-guidance-loan-resources">https://www.sba.gov/page/coronavirus-covid-19-small-business-guidance-loan-resources</a>.

Unemployment insurance consultation services are included in the services we provide to all members who are participants in CareWorks Comp workers' comp group rating programs. If you have specific questions about your unemployment issues you are welcome to email your questions to our Unemployment Services Department at <a href="mailto:unemployment@careworkscomp.com">unemployment@careworkscomp.com</a> or call us at 614-526-7165. # Is COVID-19 a Compensable Workers' Compensation Claim?

Ohio BWC (as of 3/21/2020)

It depends on how you contract it and the nature of your occupation. Generally, communicable diseases like COVID-19 are not workers' compensation claims because people are exposed in a variety of ways, and few jobs have a hazard or risk of getting the diseases in a greater degree or a different manner than the general public. However, if you work in a job that poses a special hazard or risk and contract COVID-19 from the work exposure, BWC could allow your claim. For More Information:

https://info.bwc.ohio.gov/wps/portal/bwc/site/employer/resources/covid19questions/

# Important BWC Policy Changes Regarding COVID-19

In response to COVID-19, the Ohio Bureau of Workers' Compensation (BWC) has announced several important policy changes which are currently scheduled to be in effect through April 30, 2020.

- BWC is extending all temporary total disability compensation benefits for claimant's who are
  receiving these benefits through April 30, 2020. The BWC is extending temporary total
  disability compensation benefits even without updated medical disability certification and
  support from the claimant's Physician of Record.
- BWC is extending all working wage loss and non-working wage loss benefits for a claimant
  who is currently receiving these benefits through April 30, 2020. The BWC is extending both
  working and non-working wage loss benefits and is not requiring a claimant to conduct an
  ongoing job search to be eligible for continued benefits.
- BWC is extending all forms of living maintenance benefits through April 30, 2020. A claimant
  is not required to be actively participating in a rehabilitation program to continue to receive
  these benefits.
- BWC is not suspending the payment of medical benefits or compensation for a claimant's
  failure to attend any scheduled Independent Medical Examinations (IME) during this period.
  Traditionally, if a claimant refuses to attend an IME, their claim is suspended until they attend
  the examination. However, due to COVID-19 the BWC is extending the payment of benefits
  through April 30, 2020 even if a claimant refuses to attend an IME.
- BWC has canceled all IMEs including 90-day, extent of disability, and permanent partial disability examinations. BWC is exploring alternative means of obtaining medical evidence including "virtual" examinations. However, as of now, there is no set policy in place as to when or how these alternative "virtual" examinations may be implemented.

## May 2020 On-Site CareWorks Comp Seminars Cancelled

In response to statewide implementation of Coronavirus (COVID-19) prevention measures, CareWorks Comp is canceling all upcoming on-site statewide seminars that were scheduled in 3 locations this May. We have chosen to cancel the seminars for the health and safety of our clients and our colleagues.

If you have already registered for one of the seminars, a CareWorks Comp colleague will be in touch with you in the very near future to discuss your options, including upcoming alternative training and education opportunities. We are committed to maintaining all services critical to the welfare and success of our clients. If you have any questions or concerns, please call our main office at 1.800.837.3200 and ask to speak with one of our customer service representatives.

# **April BWC Safety Council Meetings Cancelled Statewide**

In light of the state of emergency declared by Governor DeWine, the Ohio BWC advises its Ohio Safety Councils to **suspend monthly meetings in March, April and May** to minimize groups of people gathering as a measure to slow the spread of potential exposure. According to BWC attendance credits will still be given to members for March, April and May even though the actual meetings will not occur. Please note that on-line Safety Congress sessions DO NOT COUNT towards monthly Safety Council meetings. The BWC suggests for Safety Councils to present 2019 safety recognition awards to members at a future meeting, prior to June 30 if possible.

# Ohio BWC Deferral of Premiums: March, April, and May

Ohio's Bureau of Workers' Compensation (BWC) system is the exclusive provider of workers' compensation insurance in Ohio and serves 249,000 public and private employers. To help businesses facing difficulties due to the COVID-19 pandemic, the Ohio BWC is announcing that insurance premium installment payments due for March, April, and May for the current policy year may be deferred until June 1, 2020. At that time the matter will be reconsidered. "BWC will not cancel coverage or assess penalties for amounts not paid because of the coronavirus pandemic," said Lt. Governor Husted. "Installment payments due for the three-month period are totaled at approximately \$200 million, and that money will now stay in the economy." For more information, visit <a href="mailto:bwc.ohio.gov">bwc.ohio.gov</a>.

# Ohio Industrial Commission Suspending In-Person Hearings

The Ohio Industrial Commission announced that beginning Wednesday, March 18, the Commission will begin conducting hearings by telephone for the following issues: permanent total disability, temporary total disability or the termination of temporary total disability, wage loss, allowance and additional allowance. All other hearing issues will be continued. CareWorks Comp will keep you updated on the status of hearings as the Ohio Industrial Commission makes them available.

# Update on employer program reporting/requirement deadlines

Some good news: The Ohio BWC will waiving all safety education and training requirements for this current 7/1/19 - 6/30/20 policy year for private employers for participants in the following programs:

- Drug-Free Safety Program.
- EM Cap Program.
- · Grow Ohio.
- Industry-Specific Safety Program.
- One Claim Program.
- · Policy Activity Rebate Program.

Discounts offered through these programs will be applied automatically. The 2020 public employer program participant requirements will be reviewed by the BWC in June. CareWorks Comp will communicate the BWC's plans with you at that time. Additionally, the annual report deadline submission for Drug-Free Safety Program participants has been extended to June 1, 2020.

# COVID-19: Is it Recordable on my OSHA 300 Log?

Federal OSHA (as of 3/23/2020)

COVID-19 can be a recordable illness if a worker is infected as a result of performing their work-related duties. However, employers are only responsible for recording cases of COVID-19 if all of the following are met:

 The case is a confirmed case of COVID-19 (see CDC information on persons under investigation and presumptive positive and laboratory-confirmed cases of COVID-19);

•The case is work-related, as defined by 29 CFR 1904.5; and

•The case involves one or more of the general recording criteria set forth in 29 CFR 1904.7 (e.g. medical treatment beyond first-aid, days away from work).
