## The Personnel Committee

March 1, 2023

Present: Kari Salsberry, Chair, Carol Davy Trish Copeland Jake Tubaugh, VA Mayor Jim Clark

Sections 3, 4, 5, and 6 of the Scio Village Employee Manual were studied at length and discussed for possible edits. Also, the addition of Juneteenth as a legal paid holiday for employees was included in the discussion. After needed additions and deletions were made, Jim volunteered to scan and format the handbook so changes can be made, and employees and council can have a computer copy.

Jake volunteered to then make the changes the committee decided to recommend to council before distributing to members.

Also, the Authorized User list for banking and credit cards to reflect 2023 employees and circumstances was updated.

The committee's consensus was to recommend the changes discussed and reflected in the edited handbook be made to the Handbook effective at probably the second meeting in March.

Kari Salsberry, Committee Chair

Gleide & Trice Clerk/Treowers

## **EPA Community Grants**

1 message

Dear FY 23 Community Grant Recipients,

Congress has identified your community and an associated funding level in the Consolidated Appropriations Act of 2023 (P.L. 117-328) (FY 2023 Appropriations Act).

EPA is working diligently to develop final guidance for projects identified in the FY 2023 Appropriations Act. Our goal is to issue the final implementation guidance applicable to these projects during Spring 2023. In the meantime, potential grant recipients may begin several preparatory steps:

- 1. Review and/or attend EPA Grants Management Training for Applicants and Recipients. EPA's EPA's online grants training courses and webinars are free and are designed to introduce potential EPA grant recipients to key aspects of the entire grant lifecycle, from preparation of an application through grant closeout. Consider registering for the following EPA Grants Webinar Series session:
  - What to Expect When You're Expecting... a Grant: March 29, 2023: 1:00 2:00 pm ET
- 2. **Obtain a Unique Entity Identifier (UEI).** Recipients must have an active SAM.gov registration <u>and</u> a Unique Entity Identifier before registering with Grants.gov. <u>Registering at SAM.gov is free and new</u> registrations can take an average of 7 10 business days to process.
- 3. **Register at Grants.Gov**. Potential grant recipients can register on the federal grant portal (Grants.gov) as the grants process will be conducted online. Questions on using the grants.gov system is available through Grants.gov directly. This site also includes grants.gov-specific training and 24-7 grants.gov support.
- 4. **Identify Cost Share Funding**. Recipients should begin to think about how they will provide the 20 percent non-federal cost share requirement based on the total project cost. Eligible sources of funding to meet the cost share requirement are identified in the preliminary Implementation Memorandum. EPA supports waiving the non-federal cost share for projects located in, or that primarily serve, disadvantaged communities.
  - Note: Criteria for requesting a waiver from the cost share requirement for projects identified in the FY 2023 Appropriations Act will be provided in the FY 2023 Implementation Guidance and may differ from cost share waiver request criteria for projects identified in the FY 2022 Appropriations Act.
- 5. **Environmental Information.** Each community grant project will need to comply with the National Environmental Policy Act (NEPA), which requires EPA to review and assess environmental information relating

to the project prior to awarding any grants. Recipients may begin to identify project information that will support the environmental review process including:

- Preparing a project summary, including a description of the needs the project addresses, the scope, and project implementation plans.
- Describing any potential environmental impacts of the proposed project (such as addressing water quality and quantity problems, public health concerns, inadequate systems, more stringent effluent limits, etc.).
- Describing the project details (such as planning area description; planning period; description of construction phases; owner and operator of the facilities; location of facilities, including a map).
- Describing project costs, including funding from EPA and all other sources.

Please keep an eye out for additional correspondence on final implementation guidance for FY2023 Community Grants Projects. You can also visit the EPA Community Grants program webpage for program updates and for access to training information and resource materials as they become available.

\$780.00 per month for wastewater testing with operator's license (\$180.00 per week). \$150.00 per month for wastewater testing unlicensed operator.

\$780.00 per month for water treatment maintenance and operations for licensed operator. \$150.00 per month for water treatment maintenance and operations unlicensed operator.

Weekend testing \$91.28 per day WTP/WWTP. If the weekend day (holiday day only) falls on a holiday, \$182.56 for that day.

## Holiday rates are double time, same as hourly employees

Be it further **ORDAINED** that Ordinance Numbers 18-003 and 18-008 shall not be modified in any way other than as set forth herein.

Be it further **ORDAINED** that the foregoing Ordinance was adopted and all actions and deliberations of the Village Council of the Village of Scio, Harrison County, Ohio relating thereto, were conducted in meetings open to the public in compliance with all applicable legal requirements including Section 121.22 of the Ohio Revised Code.

Be it further **ORDAINED** that this Ordinance is declared an EMERGENCY and shall become effective **JUNE 4, 2022,** as it is necessary for the safety, peace, health and morals of the Village of Scio, Ohio.

Dated: May 25, 2022.

APPROVED:

Mayor

ATTEST:

Village Clerk-Treasurer

Solicitor – As to form

# Capital Improvement Plan: updated /revised: 3/1/2021.

Water Line replacement and paving projects:

Phase I- Second street in between Carrollton St and Eastport street in 2017 (Completed)

The Village will purchase the material and bid the labor work to a local contractor.

Phase II - Second street from Eastport to Custer way alley to encompass all cross street such as schoolhouse junction and masonic way, projected date 2019 for initial planning and cost assessment, engineering and grant possibilities for upgraded line from a four inch to a six-inch line. Project start will be 2020 depending on grant and allocated funds available. (Completed)

Phase III- Proposed engineering and grant feasibility for Eastport street

This would encompass the intersection of SR 151 (Main Street) and Eastport to the intersection of Carrollton street 2020/ 2021 would be the projected period. Extended timeline, this Phase has been reassigned to Phase VI, due to EPA's guidance for Lead service lines.

Phase IV- Maple and Walnut street 2021/2022 (Moved to Phase III)

Engineering and grant proposal for upgrading from a 4-inch main line to a six-inch main line for proper fire coverage and removal of any lead joints, fixtures, and service lines.

Phase V- Eastport street

Eastport from the intersection of West College St to the intersection of Crimm road 2023-2024 Engineering services and grant possibilities, move the existing four-inch water line to the sidewalk area and replace it with a new six-inch line, replace any fire hydrants that are needed. Phase VI- Brown street / Elm street / Grandview Street from west College St to the Village limit at Cemetery road replace existing line with new C900 plastic, repave as needed. Proposed for 2024/2025. Reassigned to Phase III due to funding agencies and EPA grant monies for replacing lead service lines.

Update: Phase III will encompass Brown, Maple, Walnut, and Grandview Streets. Change due to Funding and EPA Guidelines on lead service lines.

Lift Station Upgrades

East Port Lift station

Proposed second new T6 pump installation in 2019 with new control panel and instruments, well casing inspection (Completed)

College Lift Station

New T6 pump purchase and install in 2018.

Proposed second new T6 pump installation in 2020 with new control panel and well casing inspection. (Completed)

Church St lift station

Currently up to specs / Recommend in 2025 a possible overhaul if needed of existing equipment. Scheduled for 2025.

Water Treatment plant

-Filter media - Recommend testing on filter media in 2025 to assess its expected shelf life

- -Well #1 and #2 Well cleaning and assessment of pumps and associated equipment to be conducted per manufacturer's guidelines in 2026 (every 7-10 years)
- -Aerator, Tanks, and surface pumps Condition assessment, maintenance, and service life inspection in summer of 2023 (every 5 years)
- -Water Storage Tank Inspection and cleaning required in 2022 (every 5 years per EPA guidelines)
- -EZ chemical pumps- Inspected, repaired or replaced every 12 months (estimated cost \$680 per pump) The WTP will have 4 pumps in service and 4 spares on hand
- Schedule 80 pipe-Plumbing is rated for 40-year life span at 120 PSI, inspect annually
- -Additional equipment and inspections will be required with the upgrade project in 2018 (WTP upgrade completed November 2018)

## Wastewater Treatment plant:

- -New T4 pumps installed in 2016 inspect and possible rebuild in 2024, replace in 2036 (20-year usable life span)
- -Clarifiers In need of new weirs, flights, new chains and possible sprockets (replace every 10-15 years) (Funding for the Clarifier rebuild has been secured March 2021, rehabilitation 2021-2022)
- -Digesters- Inspect annually, repair or replace as needed (associated equipment and bubbler)
- -Inner and outer oxidation ditches- Repairs done in 2015-2016 / Inspect concrete walls annually, repair as needed. Drain each oxidation ditch every two years for inspection, cleaning, and repair as needed. Alternate between each ditch to ensure both are cleaned and inspected every two years.
- -Screw Screen inspect semiannually. Replace brushes annually or as needed.
- -Generators Inspect annually and service
- -3way Valves inspect annually
- -Inner and outer paddle wheels estimated life span of 5 yrs before rebuilding is required / recommend one spare on hand for emergency repair if needed

#### Vehicles:

WWTP Service Truck - 2005 Chevy 2500 4x2 (bought in 2012) (Replaced in 2020, recommend next purchase in 2025 on a five-year rotation period) Street Department Truck - 2006 Dodge Ram 2500 4x4 (bought in 2014) (In service, used for part time and summer youth) Plow Truck - 2009 F-450 requires a new bed (bought in 2008) (\*Replaced with a 2019 F450 diesel) Tractor - New 2016 Massey Ferguson 4x4 with brush hog A vehicle replacement program is recommended for every 5 years. Covid package 2020 F150 4x4

## Lawn equipment:

2019 Cub cadet zero turn 2017 Toro riding lawn mower for the park JD diesel mower with new (2018) mower deck Zero turn Toro mower - 2014 model Small JD lawn mower- 2009 model (Needs replaced) Various weed eaters: replaced as needed.

Updated 3/ 14/19 and 3/23/21. LMI updated survey completed in 2019. \*Phase III and IV have been updated due to EPA guidelines and funding for replacement of Lead service lines. Brown, Maple, Walnut, and Grandview St have been combined to be Phase III. Phase IV and beyond will be revied by the Street / water committee for final determination.

Added Requirements to the Capital Improvement plan

-Water lines not captured in original planning: iron Ductile replacement with C909 plastic Fowler Ave, Church St, Hilltop Dr to include cross connection to Carrollton Street. Third St cross connection emplacement, Elm Street with cross connection to Grandview St.

-Sanitary service to Hilltop Drive; Proposed 2025/ 2026 to receive feasibility of the project and cost estimates. Require tap fees and resident participation. Encapsulate several homes on East Main St and Utility St during the project scope of work.
